VIP Accelerator

Intensive VIP Business Accelerator

Let's collaborate together to accomplish more in 1 day than you thought possible.

Various Themes to Select

Perfect Your Product Launch

Develop a custom standardized project plan for your new product launch. You will receive a custom project plan you can use over and over again to streamline your product launches and mitigate risks. Receive expertise to ensure nothing is missed.

Uplevel Your Process

Assess 1-2 key processes for your organization. You will receive a documented updated process workflow for key processes within your organization to mitigate roadblocks and streamline operations.

Key Timelines Evaluation

Audit and assess 1-3 key existing timelines in your organization. You will receive assessment and recommendations for changes to optimize your timeline(s) and mitigate risks.

Course Exploration

Assess existing 1-2 online course concepts or develop 1-2 new online course concepts for your business. You will receive competitor research, course names and concepts brainstorm, and potential 1-2 module outlines.

Pre-VIP Intensive:

- We conduct up to 2-hours of research and development to prepare pre-work strategy and document(s) for your VIP Intensive
- We deliver 1-hour Power Hour Business Intensive via ZOOM to review pre-work strategy and document(s) with Client
- Client will complete necessary pre-work prior to VIP Intensive

VIP Intensive:

- We deliver 1 VIP Intensive (4-hour session) to Client via Zoom. Option to deliver over (2) 1/2 VIP Intensives (2-hours each). Option for on-site delivery if your company is in Los Angeles area (requires additional investment)
- Ability to record Zoom sessions & access for a lifetime

Post-VIP Intensive:

- We conduct up to 5-hours offline support to develop and deliver custom deliverable to Client within 48 hours of your VIP Intensive
- We deliver 30-minute Q&A Follow-Up session via Zoom
- **BONUS: 30-Day Email Support after your VIP Intensive related to your selected themes and deliverables provided**

Investment: \$3,000

VIP Accelerator

Ultimate VIP Business Accelerator

Let's collaborate together to accomplish more in 1 month than you thought possible.

Various Themes to Select

Mini Business Assessment

Assess 2-3 departments in your organization. You will receive a clear picture of what is working and what isn't along with recommendations and an implementation plan to improve your products, projects and processes across your organization.

Dedicated Project Management

Provide hands-on project management support for 1-2 highly visible short term projects. You will receive project charter, project plan, meeting facilitation, meeting notes and on-going tracking to drive your team to complete deliverables.

Mix & Match

Select Themes from Intensive VIP Business Accelerator to create your own mix-and-match customized Ultimate VIP Business Accelerator to best suit your business needs.

Pre-VIP Intensives:

- We conduct up to 8-hours of research and development to prepare pre-work strategy and document(s) for your VIP Intensives
- We deliver 1-hour Power Hour Business Intensive via ZOOM to review pre-work strategy and document(s) with Client
- Client will complete necessary pre-work prior to VIP Intensive

VIP Intensives:

- We deliver 4 VIP Intensives (4-hour session each, 16-hours total) to Client via Zoom over 1-month. Option to deliver over (8) 1/2 VIP Intensives (2-hours each). Option for on-site delivery if your company is in Los Angeles area (requires additional investment)
- Ability to record Zoom sessions & access for a lifetime

Post-VIP Intensives:

- We conduct up to 20-hours offline support to develop and deliver custom deliverables to Client within 48 hours of your VIP Intensives
- We deliver 60-minute Q&A Follow-Up session via Zoom
- **BONUS: 30-Day Email Support after your VIP Intensives related to your selected themes and deliverables provided**

Investment: \$10,000

Testimonials

Testimonials below are from VIP Intensives and prior consulting clientele where I provided long-term consulting engagements for their organizations

Sara Johnson Josie Maran Cosmetics | Creative Project Manager

Loren's stewardship in product development and project management at Josie Maran was a revelation. As a Creative Project Manager who's constantly balancing, prioritizing, and responding to creative requirements of all new and existing products, her detailed orchestration was invaluable.

With her eagle eye I had a clear, accurate, and up-to-date view of what was truly needed. This directly and significantly contributed to improved efficiencies in Creative Operations and my own team, stakeholder, and project management. She's an efficient, detail-oriented, collaborative, and congenial leader, partner, and colleague. She'll bring immediate and long-term impact to any business. I sincerely hope to work with her again and that the example she sets will set standards for more organizations.

Ellery Triche Coty | Senior Director Purchasing

Loren was a pleasure to work with. Her most notable attributes are her dedication, meticulous attention to detail and people skills. These were especially important at OPI and she was flawless.

Seleh Alavi Kaiser Permanente | Data Quality Manager

It was great working with Loren! She is professional, thorough, reliable and has excellent communication skills!

Craig Nagasugi Eppora | President

Loren is an intelligent, articulate, intuitive, positive, happy and project savvy individual. She is a true professional who conducted a real world evaluation of our project management software, EPPORA. She was able to learn, use all aspects of our product and successfully manage the test project without any training or guidance from our user manual (at our request to test ease of use/implementation). This is someone who possesses innate abilities to not only learn a highly technical product but excel in its use. She does so always with a smile and the desire to get the job done at the highest levels of excellence.

Cindy McCaib-Wells Ole Henriksen | Director of Customer Service

Loren is an asset to any organization. Her focus and ability to steer her team towards key issues and meet timelines is remarkable.

Kris Slug Chopra Center for Wellbeing | Guest Experience Manager

It was so refreshing to work with Loren. She is direct, focused, on-time and reliable. I didn't know Loren when I started working with her and I found myself easily trusting her expert advice and taking her direction with confidence. I value Loren for showing up and following through on her commitments. I would work with Loren again anytime.

Testimonials

Testimonials below are from VIP Intensives and prior consulting clientele where I provided long-term consulting engagements for their organizations

Megan Young Gamble Get Level Consulting | Founder & Packaging Consultant

I hired Loren to review my growing practice, GLC, process, business operations, and intellectual property during the VIP Month Accelerator. During the accelerator, I not only received key insights and research on the relevant business topics, but received invaluable bonuses including thorough assessments, areas of recommendations, and revised templates. With the new guidance and thorough assessment, I will be able to produce better work for my client, establish new/redo processes, and revamp my intellectual property. I would recommend hiring Loren @ CPGBB for your business and process needs.

Charles Kilfoye Northeastern University | Assistant Vice President
Employer Engagement & Career Design

Loren supported my teams on multiple, complicated, high-impact initiatives. She provided top-notch project management support, documented processes, guided development efforts, and produced first-class tools and supports that streamlined and optimized our projects and processes. Loren was committed, deadline-oriented, innovative, resourceful, and can play in a lot of lanes on a project. She's a total professional and enhances any project strategy with her presence. I've worked with a lot of project management people over the years, and Loren is the best!

Becky Collet Northeastern University | Assistant Director Communications and Alignment

You rarely come across standout talent like Loren. Loren expertly filled the role of project manager for Northeastern University's Educational Innovation division for 11 months. I had the pleasure of collaborating and working side-by-side with Loren, where I could witness and benefit from her leadership. Loren broke the mold and created an environment where everyone felt supported and heard in an industry known for moving fast. Anyone would be lucky to work with a true leader like Loren.

Efficient meets exceptional is how I describe Loren. Since we started working together, the number of compliments we've received on our ability to move projects forward has skyrocketed. As a bonus, her turnaround times are always shockingly fast. Loren's ability to juggle multiple projects was unlike any I've seen before and made a dramatic difference in the productivity level of our team.

I was particularly impressed by Loren's ability to handle even the most challenging groups and assignments effortlessly. Her skill and ability to create and unearth needed resources were second to none. Loren always made sure everyone left with a smile, no matter how tense a meeting was when it started.

If you're looking for a project manager who can take your company's projects to the next level, I'd highly recommend hiring Loren.

Elizabeth Bonin Northeastern University | Senior Director Innovation Implementation

Loren West provides exceptional project management support across a broad spectrum of initiatives. She optimizes processes and streamlines timelines while she worked with me at Northeastern University. Loren leads teams in an efficient, results-oriented manner that fosters inclusive behavior. She is a pleasure to work with and an exceptional facilitator.

Testimonials

Testimonials below are from VIP Intensives and prior consulting clientele where I provided long-term consulting engagements for their organizations

James Boyle Northeastern University | Director of Strategic Industry Relations

It has been a pleasure working and collaborating with Loren in her role as Project Manager at Northeastern University. She brings a high level of competent, creative and skillful professionalism to her primary project management responsibilities, which has helped me and the Industry Relations team I represent at Northeastern achieve a high level of success.

Through her collaborative style and on-on task mentality, she has been able to ensure that critical projects - and the personal accountability that underpins those projects - are completed on time and with a high degree of value for the the entire Northeastern University community. She knows how to encourage and get the most out of her teammates, driving us toward project completion and/or advancement in thoughtful and practical ways, like any seasoned project management practitioner should.

Beyond her project management acumen, Loren is a total team player in other aspects of the university's mission - whether that's helping with relevant marketing and communications needs; cultivating unique industry partnerships; playing a role in driving key University Initiatives; or simply filling voids within the organization as needed, Loren is not afraid to role up her sleeves, pitch in, and leverage her many talents and experiences for the greater good.

It's my pleasure to work with Loren and I highly recommend her now and for any future endeavors she may seek as she continues to evolve her impressive and successful professional career.

Sumana Banerjee Northover Northeastern University | Director Talent Engagement

Loren's support in the NU VIEW launch and expansion for the Talent Engagement team at Northeastern University was invaluable. As a collaboration between our team, Career Design and Enrollment Management at the institution, we faced challenges which included but was not limited to content creation, generating employer partnerships and projects, hiring facilitation, and integrating the three course tracks within the Northeastern infrastructure - all within a tight timeframe for pilot and launch. Loren's project management through the process in establishing project timelines, meeting facilitation, connecting with members of the team to complete key milestones, and documenting processes as well as stages of program development contributed to the successful launch and implementation.

In addition to project management, Loren was also a resource for the team in developing the orientation deck for learners and her practice area expertise was greatly appreciated in post launch debriefs for program evolution and improvement. These debriefs were instrumental in documenting best practices for future course launches, including the badging process through the Provost's office. A true collaborator, Loren's dedication, contributions, and management were a welcome support to the team.
